They can be kept in the patio or garden, or indoors as you prefer.

All our Forever Porcelain™ products have a solid brass screw closure on the bottom.

Our Brands

LoveUrns® encompasses a number of different brands. We believe in making products that are as varied and diverse as the people who use them, so we offer a variety of different brands that are tailored to cater to all tastes, budgets and needs.

Our Story

LoveUrns® is a global manufacturer and supplier of top-of-the-line urns, cremation jewelry, and memorialization products.

As a 3rd generation family owned business, **LoveUrns®** has emerged from modest beginnings as a metal manufacturing company in the early **1960's** under the name **Pioneer Arts**, in India.

Not long after its inception, our parent company began working with international companies to produce high-end home decorative products for large American and European corporations.

In **2007**, we forayed into the death care industry as a manufacturer supplying cremation urns to various distributors across the globe.

In **2011**, we were established in USA. Since then, we have been serving families across the globe with quality products that are affordable and **Handcrafted with Love™**.

In **2020**, we established ourselves in The Netherlands to specially cater to European and UK markets.

Today, we are one of largest urn manufacturer and distributor of cremation products with a staff of over 600 skilled employees working in manufacturing facilities in 2 countries: India and Thailand producing well over 100,000 quality urns each year.

With dedicated customer service teams in the USA and Netherlands, we are distributing the products in 45 countries through our own distribution channels.

Despite its size, the business has remained a family owned and operated affair, ensuring a personal commitment to meet the expectations of all our customers.

LoveUrns® is guided by a clear sense of purpose and a vision for the future.

Interactive Personalization Experience

We're a team of people who love helping you in a traditional way, despite the technology.

We work closely with funeral professionals to understand the unique requirements of each family so that we can create a memorial that is as personal as possible.

Instead of quickly generated computer proofs, we have a team that makes personalized proofs based on requests.

We believe in the power of human interaction, and we know that it's what makes all the difference in understanding the story and creating a one-of-a-kind memorial of their loved ones using text, photos, drawings, sketches and other personal images that can be engraved.
